ECOLE

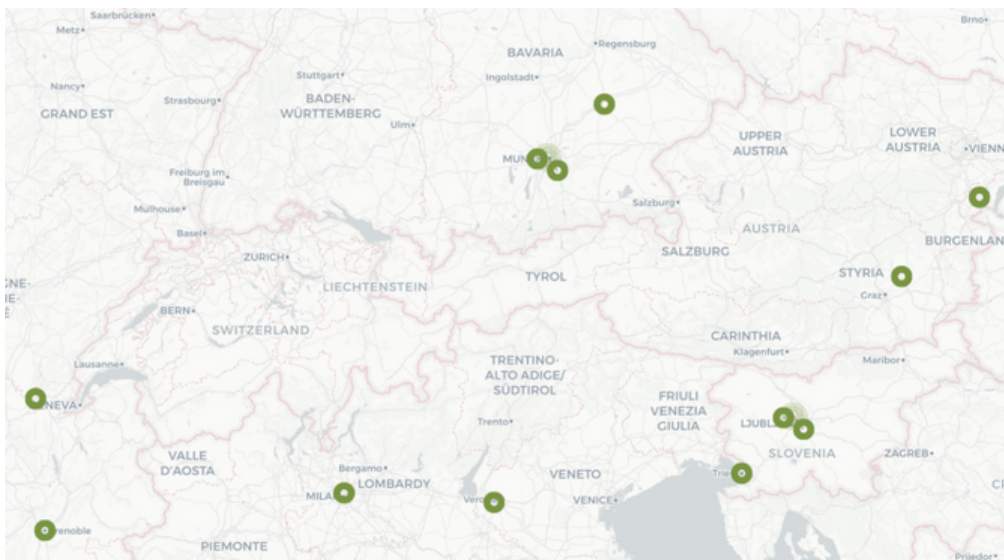

## ABOUT THE PROJECT

**ECOLE** will help Industrial Parks (IPs) with the transition to circular Eco-Industrial Parks.

Industrial Parks struggle with a negative public perception as polluters, with rising energy costs and a lack of understanding of the **circular-economy** strategy. ECOLE wants to change this by accelerating the transition to a circular and **resource-efficient industry in the Alps**.

In three years of cooperation the project expects to transform industrial parks into more circular, resilient and sustainable EIP in the Alps, able to face **climate and economic crises**.

## THE PARTNERS

- 12 partners
- 5 Countries
- From the Alpine-space

## KICK OFF MEETING-VERONA ITALY

---

On the 24th and 25th of January 2023, the ECOLE partners met, during our official **kick-off meeting**. This was held in Verona at the Headquarters of Consorzio ZAI – Interporto Quadrante Europa, the lead partner of the project.

## 1st TRANSNATIONAL MEETING

---

On the 4th and 5th of July the ECOLE partners, met in Ljubljana for the first **Transnational partners meeting**, to discuss about the upcoming steps of the project. The meeting was organized by the Regional Development agency of the Ljubljana. During the first day the partners had the opportunity to learn more about the projects from each other. While on the second day of the meeting the partners visited the two **industrial parks** we are working with in Slovenia, one in Zalog and one in Skofja Loka.
